Preparing for your winter service

(Things to do before leaving your boat with us)

- Fuel tank – Fill Tank to 3/4 or more
- Empty Head & Holding Tank
- Remove carpets – store at home
- Remove – clear canvas curtains – store at home
- Remove anything that can freeze
- Empty refrigerator
- Remove all personal items

Winter Service

(What we do)

- Batteries are disconnected and left in the boat.
- Keys are in a bag tied to the steering wheel.
- Drain Plug(s) are left in a bag tied to stern eye (if we take them out).
- Shrink Wrap Includes*
 - Shrink wrap supports
 - Vents
 - Mildew Bags in cabin & cockpit
 - Wrap is Down sides and underneath (reduces side buffing)
- * Additional charge for side padding of colored hulls (suggested)
- Canvases left with us will be left in the boat (not recommended for clear canvas pieces)
- Carpets left with us will be left in the boat (not recommended)
